Job Title:

Full Time .NET Software Developer

Location:

Office based in Swindon, United Kingdom with possibility of a Hybrid working.

About MidexPRO:

MidexPRO is a leading provider of innovative software solutions for Private healthcare professionals. With a focus on delivering cutting-edge technology, we empower healthcare practitioners to streamline their workflows, enhance patient care, and improve overall efficiency. Our team is dedicated to pushing the boundaries of healthcare technology and making a positive impact on the industry.

Job Description:

We are seeking a talented and experienced .NET Developer to join our dynamic team at MidexPRO. As a .NET Developer, you will be responsible for designing, developing, and maintaining high-quality software solutions using the Microsoft .NET framework. You will work closely with cross-functional teams to understand business requirements and translate them into scalable and efficient code. This is an exciting opportunity to work on challenging projects and contribute to the advancement of healthcare technology.

Key Responsibilities:

- Develop and maintain software applications using C#, ASP.NET, and other .NET technologies.
- Design and implement scalable and robust solutions to meet business requirements.
- Collaborate with product managers, software architects, and other stakeholders to define project scope and objectives.
- Write clean, well-designed code following best practices and coding standards.
- Perform code reviews and provide constructive feedback to team members.
- Troubleshoot and debug issues in existing software applications.
- Stay up-to-date with the latest technologies and industry trends.

Qualifications:

- Degree in Computer Science, Engineering, or related field.
- Proven experience as a .NET Developer or Software Engineer.
- Strong proficiency in C#, ASP.NET, and the .NET framework.
- Experience with SQL Server or other relational databases.
- Knowledge of front-end technologies such as HTML, CSS, JavaScript , and Riot.js is a plus.
- Excellent problem-solving and analytical skills.
- Ability to work effectively both independently and in a team environment.
- Strong communication and interpersonal skills.

Experience:

- C#: 3 years (required)
- .NET: 3 years (required)
- .NET Core: 3 years (required)
- SQL and NoSQL Databases: 1 years (required)
- Azure: 1 years (required)
